

Season's Greetings to all!

We've had a very wonderful 2025 of club gatherings and meetings. We look forward to 2026 as we continue to grow in our photography skills. At the last meeting on December 8th, we announced the next 3 Photo Topics for January, February, and March. As you go into the field, you may encounter opportunities that captures our topics for future months. Don't worry, we will send out emails for each month. As a reminder:

Submit 2 pictures per person:

- a) Topic + Topic (2 photos of month's topic)
- b) Topic + Choice (1 photo of month's topic + 1 photo of any topic)
- c) Choice (1 photo of any topic)

Email your shots to Curtiss Gajda at ckgajda@gmail.com by the Friday preceding the meeting.

January - Festive Holidays (Fun subject) (email by Jan 10, 2026)

February - Leading Lines (Techniques)

March - Silhouettes (Subject)

To elaborate on January's topic of the month, Festive Holiday shots are what we want to see! 'Tis the season to be jolly so get your cameras out during the Christmas and New Year's celebrations.

How about Christmas night light photography?

How about the glee on your childrens' faces when opening their gifts on Christmas morning?

How about fireworks in the sky on New Year's Eve?

You get the picture? Now go get the pictures!
HAPPY HOLIDAYS! 🎄

Make aloha a part of your day!
